

2008 Strategic Plan Quarterly Report

Area: 701

Division: Coastal

Goal #1

Strategy #1:

Performance Measure: Collision statistics are reported to each Area/Division via the Strategic Plan Statistical Report.

Monthly Reconciliation with Program-10, AIS. ☒ Please check box

Strategy #1:	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4	Cmltv.
Performance Measure: Number of public education events.	264				264

Public education events held this quarter:

During the first quarter, Areas within Coastal Division coordinated and/or participated in the following public education events:

Every 15 Minutes, Start Smart presentations, Sober Graduation, Child Safety Seat presentations, Child Safety Seat Clinics, television and radio announcements/interviews, School Career Day events, Special Olympics Meeting, local parades, numerous applicant ride-alongs, DUI presentations at local AA meetings and intervention groups, Head Start program presentations, local hospital health fairs, all local fair venues were attended and recruitment/public education booths were set up, local community traffic safety presentations, AARP presentations, local boy/girl scouts traffic safety presentations, traffic safety presentations, town hall meetings attended, Area personnel attended 11-99 members luncheon; conducted seatbelt survey; attend Cambria, Templeton, San Miguel, Shandon and Santa Margarita monthly Community Advisory Meetings. Presentations at the following; SLO DUI Task Force, Atascadero Youth Task Force, Start Smart classes, Cuesta College, Paso Robles Kiwanis, Twin Cities Hospital, and Atascadero Rotary. Winery Designated Driver Grant Multi-Area Press Conference; Award Presentation - United Boys and Girls Clubs; Safe Fleet Message; Area office recruitment orientations.

Many small public information presentations were made at small community group venues.

Number of emergency exercise drills conducted.	5				5

Noteworthy Events:

(Click in the box and type the narrative)

Comments on Action Guidelines:

During the first quarter a major artery was closed for more than 90 minutes three times. Division was notified and kept updated during these events. Also, Area is conducting regular planning meetings for the upcoming Hollister motorcycle rally.

1) 1-2-08. Southbound 101 south of E. Dunne Avenue for a fatal collision which blocked all lanes for approximately 2.5 hours. 2) 3-21-08. SR 156 west of SR152 for a double big rig minor injury collision which blocked both directions for approximately 2 hours.

This quarter, the Monterey Area experienced four closures of over 90 minutes. Two were a result of traffic collisions, and two were a result of landslides. ICS procedures were adhered to in each case. The Monterey Area continues to annually update each uniformed employee on SEMS/NIMS guidelines. As part of this training, the training officer establishes training plans for each training day. Currently all small gas mask filters are being inventoried and replaced due to expiration dates. In addition, all tactical gear is being inventoried. Officers are reminded to open roadways as soon as possible. The Freeway Service Patrol is also being used for CLEAR principals. Captain Lynch attends quarterly meetings with Caltrans to review congestion-causing incidents and traffic-clearing practices.

The King City Area has conducted two emergency preparedness exercises in conjunction with general staff meetings held on January 16th, and February 21st. The exercises were documented on memorandum and were retained at Area. SROVT scenarios are briefed daily to road patrol officers.

The San Luis Area commander has attended two table top planning sessions for the upcoming Federal Emergency Management Agency drill scheduled for the 4th quarter of 2008. The planning meetings were held on January 16, 2008, and February 27, 2008, and covered the details the type of incident affecting the Diablo Canyon Nuclear Power Plant and emergency response from county agencies. This planning session involved representative from 20 different public service and private entities.

Buellton Area: Big-rig through the guard rail and into Gaviota Creek on 1/23/08. Road closed for 2 hrs. 15 minutes to retrieve truck tractor, trailer from creek. Quarterly Seat-belt compliance survey: Conducted on 4/3/08. US 101 @ SR 154 = 100% compliance. SR-246 at Buellton City limits = 98%

2008 Strategic Plan Quarterly Report

Conducted on 4/3/08. US 101 @ SR 154 = 100% compliance. SR-246 at Buellton City limits = 98% compliance.

Santa Barbara Area personnel attended four planning meetings with the Montecito Fire Department regarding the fire evacuation drill, to be conducted in April, 2008. Area conducted emergency crowd control training prior to the planned protest at the University of California, Santa Barbara (UCSB) on February 12, 2008. Area declared a tactical alert and received assistance from Coastal Division staff in deploying the Rapid Response Vehicle (RRV) at the UCSB protest on February 12, 2008. Area representatives attended the quarterly meeting with Freeway Service Patrol (FSP) representatives at the Santa Barbara County Association of Governments (SBCAG), to discuss the effectiveness of the FSP program.

Moorpark Area: Strategy # 4: SR 118 W/B. @ Kuehner - Fatal 1-25-08; SR 118 W/B @ Rocky Peak - Fatal 3-29-2008; SR 118 @ Mejia Creek - Downed Power Pole - 1-22-08

* A road closure is: on a divided highway, if all lanes are closed in one direction regardless if there is a detour, on undivided highways, all lanes closed both directions.

Noteworthy Events:

(Click in the box and type the narrative)

Comments on Action Guidelines:

710 - VENCATT conducted two BAIT Car operations during the first quarter of 2008; there were 18 auto theft training sessions conducted this quarter; during the first quarter there were 61 10851 related arrests and 54 recoveries within ISU; The LPR was deployed according to the Coastal Division deployment schedule; ISU conducted 22 probation sweeps; attended Farm Bureau Meeting; one officer was utilized with VENCATT in the internship program. Note: Auto Theft efforts for the first quarter within Coastal Division ISU accounted for approximately \$1,129,407.00 worth of recovered property.

720 - #7. Q1-Strategy 7 - SSP The only incidents occurred at the Henry Cowell Redwoods State Park (1/25- Drunk in Public; 3/17- Burglary, Auto; 3/18- Vandalism; 0/21- Missing Person).

725 - State property crimes: 3-24-08. Vandalism at State Department of Rehabilitation in Gilroy.

735 - Strategy 6: Area recovered 3 rolling stolen vehicles and 16 abandoned vehicles in the first quarter.

745 - Area recovered 42% of the stolen vehicles reported during the 1st quarter. Altogether, 83% of the stolen vehicles reported were recovered, with 3 remaining outstanding. There was a slight increase in reported stolen vehicle from 2007 (19 - 2008; 17 - 2007). CHP recovery rate is 42% - 2008 and 65% for 2007 (1st quarter).

765 - Area investigated 8 crimes occurring on State property this quarter. A State Compensation Insurance Fund (SCIF) employee has been accused of trying to run down another employee in the SCIF parking lot. Charges of 245 PC are anticipated.

771 - Joint operation with VENCATS on March 25 to complete VIN checks on commercial vehicles.

2008 Strategic Plan Statistical Report

Area: 701

Division: Coastal

Goal #5

Strategy #8:

Performance Measure(s):	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
Short Term: Use Box Below	4			
Long Term: Use Box Below	2			

(Click in the box and type the narrative)

Comments on Short Term Goals (review & comply with MM #07-047):

720 - Develop monthly notification of allied agency fatal collisions through NETCOM and Scotts Valley PD for reconciliation report.

725 - Area will ensure reports are completed in a timely manner and information is entered correctly.

726 - N/A

730- AI Officer puts out a weekly log of all reports that are nearing or beyond the expected due date. In addition, the AI officer maintains a log of all of the Area's fatalities for review. Monthly, the Monterey County Coroner will send a list of county-wide fatalities to the AI officer. This list includes all fatalities from Allied agencies. The AI officer maintains a log for periodic review.

735 - First Quarter: Area reconciles strategic plan reports, and ensures collision reports are submitted in a timely manner.

740 - AIS & MIS fatality reporting numbers have been accurate throughout the 1st quarter of 2008. No adjustments were necessary. All (3) fatal reports were entered into the MIS and AIS upon initial reporting. No preliminary report was sent to SWITRS.

745 - All (3) fatal reports were entered into the MIS and AIS upon initial reporting. Two fatal reports were completed averaging 27 and 17 days respectively. The third fatal report narrative is complete, with only the diagram outstanding.

750 - Two fatal reports were completed during the first quarter of 2008.

755 - Big-rig through the guard rail and into Gaviota Creek on 1/23/08. Road closed for 2 hrs. 15 minutes to retrieve truck tractor, trailer from creek. Quarterly Seat-belt compliance survey: Conducted on 4/3/08. US 101 @ SR 154 = 100% compliance. SR-246 at Buellton City limits = 98% compliance.

760 - Area contacted the Santa Barbara County Coroner's Office in January to obtain traffic fatality information from 2007. The fatal numbers maintained by the Coroner's Office matched those reported by the CHP, Goleta Police Department, Carpinteria Police Department and the Santa Barbara Police Department. The information was subsequently forwarded to Coastal Division.

765 - Area Information System (AIS) reconciliation with MIS reports had zero errors.

770 - The Moorpark Area has established an independent tracking system of fatal reports since the office inception in January 2005. This tracking system was developed to provide the most current and accurate fatality records to the public. A fatal tracking board is also located in the sergeants office. The board is utilized to improve the timely submission and accuracy of reports entered into MIS/SWITRS and comply with General Order 110.7

771 - N/A

Comments on Long Term Goals (meetings, status, activity, etc.):

720 - Q1-Strategy #8: Area has found no discrepancy on fatal reporting for the county (Per MM 07--55/GO 110).

725 - N/A

726 - N/A

730 - The Captain will discuss the importance of proper fatality reporting at all Chiefs of Police meetings.

735 - N/A

740 - Area met with the SLO County Coroner's office and established protocol for reconciling the

2008 Strategic Plan Statistical Report

740 - Area met with the SLO County Coroner's office and established protocol for reconciling the fatal collisions in the county - No discrepancies for 1st quarter of 2008.

745 - Area met with the San Luis Obispo County Coroner's office & established protocol for reconciling the fatal collisions in the county. At the end of the month, the coroner sends a copy of the log to the Area, which is then compared to SWITRS data report. During the first quarter of 2008, there were no discrepancies.

750 - N/A

755 - SEMS/NIMS training scheduled for 4th quarter Area training days.

760 - N/A

765 - N/A

770 - N/A

771 - N/A

Comments on Action Guidelines:

During the second quarter, Coastal Division Air Operations responded to 52 traffic congestion incidents this quarter and provided 12 medical assists.

Santa Cruz has stocked "What to do in a traffic collision" pamphlets in patrol vehicles, front desk area, and public information booths. Strategy 5 is in progress.

Hollister-Gilroy experienced a fatal collision on 5/18/08, at SR-156 west of SR-152, which blocked lanes for approximately 4 hours due to body and vehicle removal. On 6/09/2008, SR-156 at Rocks Road fatal collision which blocked one of the two east bound lanes for approximately 4 hours due to vehicle removal and scene investigation. On 6/16/2008, SR-152 west of Lovers Lane major injury collision involving a loaded semi and a vehicle. The collision started an large fire in the area and the roadway had to be closed for approximately 8 hours due to the fire. On 6/22/2008, SR-152 closed between Gilroy and Watsonville due to the Humming Bird and Whitehurst fires burning on Mt. Madonna. Closed in both directions for two days and vicinity evacuated. On 6/22/2008, SR-152 closed between Gilroy and Watsonville due to the Humming Bird and Whitehurst fires burning on Mt. Madonna. Closed in both directions for two days and vicinity evacuated. Furthermore, the Area has scheduled SEMS/NIMS Training for third quarter. Emergency operation plans/drills were conducted with the PG & E on 05/21/2008 and with Hollister PD 06/11/2008.

Gilroy IF conducted a Hazardous Materials tabletop exercise during the second quarter.

Monterey experienced three closures of over 90 minutes this quarter. One was the result of traffic collisions, and two were a result of fires. The closure of State Route 1 through Big Sur is on-going. ICS procedures were adhered to in each case. The Monterey Area continues to annually update each uniformed employee on SEMS/NIMS guidelines. As part of this training, the training officer establishes training plans for each training day. Currently all small gas mask filters are being inventoried and replaced due to expiration dates. In addition, all tactical gear is being inventoried. Officers are reminded to open roadways as soon as possible. The Freeway Service Patrol is also being used for CLEAR principals. Captain Lynch attends quarterly meetings with Caltrans to review congestion-causing incidents and traffic-clearing practices.

2008 Strategic Plan Quarterly Report

King City conducted a facility evacuation exercise. The exercise was documented on memorandum and retained at Area. The Area Commander completed FEMA IS-00015.A - Special Events Contingency Planning course. SROVT scenarios are briefed daily to road patrol officers. These scenarios often address emergency preparedness issues.

San Luis Obispo Area commander has attended three table top planning sessions for the upcoming Federal Emergency Management Agency drill scheduled for the 4th quarter of 2008. The planning meetings were held on April 17, 2008, May 12, 2008, and June 4, 2008, and covered the details the type of incident affecting the Diablo Canyon Nuclear Power Plant and emergency response from county agencies. This planning session involved representative from 20 different public service and private entities. Also, on 5/14/08: US101 Southbound north of Stagecoach Road was closed when a truck/trailer overturned and had to be uprighted. The southbound lanes for closed, but a detour was established in the northbound lanes. Total closure time was 2.5 hours

5/23/08: SR-1 at Camp San Luis Obispo was closed when a vehicle struck a power pole and lines blocked both directions. A detour was set up through Camp SLO. Total closure time was 3.75 hours.

5/26/08: SR-1 @ Woodlands Hills was closed when a vehicle struck a power pole. Detours were in place. Total closure time was 5.25 hours.

Santa Maria experienced a Closure of SR-166 for 2 hrs and 10 minutes due to head-on fatal collision on 5/6/08.

Buellton on 5/1/2008, SR-154 closed in both directions for eight hours for MAIT investigation.

Santa Barbara Area participated in a fire evacuation drill with the Montecito, Santa Barbara and Santa Barbara County Fire Departments on April 26, 2008. On April 17, 2008, Area personnel attended a planning meeting with representatives from the Santa Barbara County, Vandenberg Air Force Base and Lompoc City Fire Departments and the Santa Barbara County Sheriff's Department regarding an upcoming drill involving a simulated release of rocket fuel. Area personnel attended a planning meeting for an upcoming emergency drill at the U.S. Postal Service facility in Goleta on June 30, 2008. Area personnel attended a planning meeting regarding anticipated protests at UC Santa Barbara during the UC Regents meeting in July. Area representatives attended the Santa Barbara County Association of Governments (SBCAG) Board meeting on June 19, 2008, to recognize the effectiveness of the FSP program.

Ventura on May 30, 2008 State Route 126 was closed in both directions for 2:30 hours as a result of a double fatal collision.

Moorpark * Strategy # 4: SR 118 W/B east of Sand Canyon. 6-24-08. All Area personnel will receive a refresher SEMS/NIMS Training in the third quarter.

* A road closure is: on a divided highway, if all lanes are closed in one direction regardless if there is a detour, on undivided highways, all lanes closed both directions.

(Click in the box and type the narrative)

Comments on Action Guidelines:

Coastal Division ISU conducted 14 Auto Theft training sessions, 12 auto theft operations conducted with allied agencies, the LPR was deployed according to the Coastal Division deployment schedule, and 57 probation sweeps throughout Coastal Division were conducted. ISU also developed a vehicle theft investigator internship program, which 4 officers participated. Note: Auto theft efforts for the 2nd Quarter within Coastal Division ISU accounted for approximately \$804,440 worth of recovered property. YTD \$1,933,847.

Santa Cruz conducted SCARE training during May training days. There were 13 reported incidents involving spousal battery, grand theft, a mental subject, drug activity and vandalism.

Hollister-Gilroy and Division Auto Theft members are actively assisting Area personnel with auto theft investigations and recoveries. Auto theft personnel also provide update training during shift briefings. There were no crimes reported during the second quarter that occurred on state property.

Monterey Area maintains a 10851 poster in the briefing room for all officers to see. It allows officers the chance to track their statistics and helps to keep them continually motivated. Two officers are currently assigned to the Monterey County Gang Task Force. This program uses the CAL GRIP grant and is a two-year assignment. These officers overlap with vehicle theft and have led to successful recoveries. One additional officer is currently on loan to Coastal Division Auto Theft. The Monterey Area anticipates the arrival of a patrol car equipped with a license plate reader in the near future. A new SSP duty has been assigned to address SSP training and contact with the various state buildings in the Area.

King City Area recovered 6 abandoned vehicles in the second quarter. Coastal Division ISU Officers, Kelly Lindholm and Adam Rodriguez, provided auto theft trend updates to Area personnel at Area

2008 Strategic Plan Quarterly Report

second quarter training days scheduled on 6/10 and 6/17. One auto theft related SROVT scenario was briefed to road patrol officers in the second quarter. The Area has a limited but functioning SSP program. All uniformed personnel were briefed on SSP responsibilities on June 20th. Quarterly SSP audits are conducted by the Area. No crimes occurring on State property were reported to the Area in the second quarter. Routine patrol of State facilities is emphasized.

Templeton reported no crimes on State Property this quarter.

San Luis Obispo will conduct auto theft training during the 3rd Quarter. There were (14) stolen reports taken this quarter with (4) trailers; (2) motorcycles, and (1) boat/trailer. The Nipomo area of the county saw the most activity with (8) of the reported stolen vehicles. Additionally, after reviewing the stolen reports, follow-up was not conducted on three cases with possible suspects. This issue will be addressed during training days and a briefing item. No training has been offered or scheduled during the 2nd quarter of 2008 for either for State Property Investigator training. Coastal Division ISU is scheduled to conduct training during the 3rd quarter of 2008.

Buellton attended the Vehicle Theft training provided by Coastal Division ISU/Ventura County Auto Theft Task Force during second quarter Area training days. No dedicated SSP officers on staff. MOU's in place with Santa Barbara County Sheriff's Dept. and Lompoc Police Dept. for services at state facilities. Sergeant S. Anaya, #9640, attended two week homicide investigators training class in Sacramento.

Santa Barbara area reported that representatives from Coastal Division Investigative Services Unit (VENCATT) provided training to the squad in May.

Ventura Area Officer Larson completed a 60 day temporary assignment with Ventura County Auto Theft Task Force (VENCATT).

Moorpark reported routine safety checks were conducted at all state facilities this quarter.

Conejo IF noted that additional Commercial Vehicle Theft Training is scheduled for July 2008.

2008 Strategic Plan Statistical Report

Area: 700

Division: Coastal

Goal #5

Strategy #8:

Performance Measure(s):	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
Use box below	6	0		

Strategy #9:

Performance Measure(s):	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
Use box below	0	0		

Strategy #10:

Performance Measure(s):	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
Use box below	0	0		

Comments Strategy #8:

Area Commands are to comply with MM07-055, revision to General Order 110.7-Provisional Reporting of Traffic Deaths.

Santa Cruz noted the Area has found no discrepancies on fatal reporting for the county (Per MM 07-55/G.O. 110)

Hollister-Gilroy will continue to follow the direction in MM 07-055. Area will ensure reports are completed and thoroughly reviewed in a timely manner.

Monterey's accident investigation review (AI) officer puts out a weekly log of all reports that are nearing or beyond the expected due date. In addition, the AI officer maintains a log of all of the Area's fatals for review. Monthly, the Monterey County Coroner will send a list of county-wide fatalities to the AI officer. This list includes all fatalities from Allied agencies. The AI officer maintains a log for periodic review. The Captain will discuss the importance of proper fatality reporting at all Chiefs of Police meetings.

Templeton Information System and Management Information System fatality reporting numbers have been accurate throughout the 2nd quarter of 2008. No adjustments were necessary. All (3) fatal reports were entered into the MIS and AIS upon initial reporting.

San Luis Obispo Information System and Management Information System fatality reporting numbers have been accurate throughout the 2nd quarter of 2008. No adjustments were necessary. Year to date reconciliation shows the same numbers on both reports. Both fatal reports had preliminary reports submitted until the final investigation was completed. Vehicle inspections on the involved vehicles keeps most reports from being finalized with the 15 day timeframe.

Buellton noted only outstanding collision investigation is being conducted by Coastal Division MAIT. Anticipated completion date is mid July. Local allied agencies continue to report fatal collisions as requested. Area continues to work with DA investigators to ensure thoroughness of reports/investigations to ensure prosecution.

2008 Strategic Plan Statistical Report

Moorpark has established an independent tracking system of fatal reports since the office inception in January 2005. This tracking system was developed to provide the most current and accurate fatality records to the public. A fatal tracking board is also located in the sergeants office. The board is utilized to improve the timely submission and accuracy of reports entered into MIS/SWITRS and comply with General Order 110.7

Comments Strategy #9:

Santa Cruz emphasized and reinforced "CHP PRIDE", and recruitment and retention of departmental employees during briefings and area training days. "Not one more" training scheduled during 4th quarter 2008. Discussed incidents with potential civil liability and litigation consequences during staff meetings, such as search and seizure and PRA requests.

Hollister-Gilroy instills "CHP PRIDE" in each officer and support staff, during their 118 process. The Area has also discussed incidents with potential civil liability and litigation consequences during staff meetings, such as search and seizure and PRA requests.

Gilroy IF management/supervision team at the Gilroy Inspection Facility worked consistently to instill "CHP PRIDE" in all command employees.

Monterey reported that as part of the 118 process, "CHP PRIDE" is instilled in each officer. In addition, during briefings several times a month, sergeants discuss the expectations and benefits of holding themselves to the standards set in "CHP PRIDE". The Area recently put together a sergeant study group and anticipates favorable results for all of its candidates. Suicide Prevention training has been provided for all employees in the Area.

King City emphasized and reinforced "CHP PRIDE" and recruitment and retention of Departmental employees during briefings and area training days.

Templeton reported that all employees have been trained in suicide prevention. All employees have been made aware of the importance of recruitment and are actively recruiting during their normal work shift. Area has been very active with ride-along with persons currently in the testing process.

San Luis Obispo has established a standardized procedures list for handling PRA documents. All clerical and Special Duty officers have been trained on how to process requests and log PRA items. Area participated in 43 public information events this past quarter. This does not include the PSA on local radio stations, which are handled every Thursday and Friday throughout the month. Area makes every effort to fulfill every request for public information and service, promoting the Department's philosophy of "Safety & Service."

Santa Maria has completed five fatal reports during the second quarter of 2008.

Buellton has instilled "CHP PRIDE" in each uniformed and non-uniformed employee. In addition, during briefings several times a month, sergeants discuss the expectations and benefits of holding themselves to the standards set in G.O. 0.1, "CHP PRIDE". Information regarding the Public Information Act is posted in the front office and accessible to the

public upon request. The Injury and Illness Prevention Program principles are emphasized during Area training days and on an individual basis during annual employee evaluations.

2008 Strategic Plan Statistical Report

Santa Barbara reported the Area has conducted IIPP Training in May and Area staff has received Suicide Prevention Training in April.

Ventura reported 54 PRA requests, which were completed during the 2nd Quarter. Also, five officers from the Ventura Area are taking the sergeants promotional exam

Moorpark discussed, during annual evaluations and informal discussions with both uniform and civilians employees, supervisors and managers reinforce the Professional Values concept in an effort for employees to support and achieve an environment of "CHP PRIDE". Public Record Act (PRA) guidelines are posted for the general public and area personnel. The Area currently have five officers who have successfully passed the written testing portion for Sergeant. The Area is currently forming a sergeant study group for the upcoming QAP's. All area personnel have received Suicide Prevention training.

Comments Strategy #10:

Santa Cruz reported two area personnel scheduled to attend Procurement Training on July 30, 2008. Area to contact facilities section during 4th Quarter and schedule appropriate Chapter Inspections.

Hollister-Gilroy is in constant contact with Division to ensure that it is financially responsible in all aspects of purchasing and procurement.

Monterey maintains a great working relationship with Lisa Lewis of Facilities Section to coordinate compliance with all Chapter Inspections and ensures it is fiscally responsible in all aspects of procurement and purchasing. The Monterey Area is very aware of environmental issues and as such Captain Lynch now sits on the Monterey County Litter Abatement Board. This quarter Captain Lynch completed an inspection of the Monterey County Landfill as part of the Board duties.

Templeton has closely monitored the Federal Grant SLIC II Element 8 and all hours are being used as projected. More training is still needed with ARMS, however Area does closely monitor its budget and spending. Area keeps in close contact with facilities

San Luis Obispo clerical personnel have received training in the ARMS program and use the system to check on budget funding available. All requisitions go through the clerical supervisor before being sent to the commander for approval. Area has established tracking slips to ensure bills, purchase requisitions and CHP 735 reimbursement forms are completed as quickly as possible, and in compliance with departmental policy. The Area maintenance worker and automotive technician has been instructed to ensure X-numbers are completed prior to the work being initiated and to ensure contracts in place for parts are used.

The Buellton is continuously monitoring and evaluating procedures surrounding procurement of supplies, fiscal management and facilities maintenance. Lt. Maples and his staff work closely with Division and Headquarters to ensure policies and procedures are met.

The Area pays close attention to environmental issues within the Area. Specifically, the Area's fuel pumps were recently inspected and repaired to ensure no harmful vapors escape into the air.

2008 Strategic Plan Statistical Report

Moorpark clerical personnel have received training in the ARMS program and use the system to check on budget funding available. All requisitions are reviewed by the administrative sergeant and clerical supervisor prior to being sent to the area commander for approval. The Area shares the police facility with the sheriff's department who are responsible for facility maintenance. The area meets regularly with the sheriff's department to maintain compliance with all Chapter Inspections.

2008 Strategic Plan Quarterly Report

Comments on Action Guidelines:

720 had one MAIT response; 725 - has four officers on break-in training and are experiencing difficulties in A.I. & time management for completion of reports. The new officers are being closely monitored by the Area. 730 - Area Sgts. will monitor collision report completion times to raise the rate of reports available in eight days to 90%. 735 - Area had one private property, and two on-highway fatal collisions in the 3rd quarter. All face pages and preliminary reports were available within 8 days for these fatal collisions. 750 - experienced no fatal collisions during the 3rd Qtr of 2008. 760 -the slight decline in reports available during this Qtr is attributed to the increase in collisions during the period and the transition to new collision review/tow officer in September.

Comments on Action Guidelines:

During the third quarter, Coastal Division aircraft responded to 56 emergency incidents and provided information on traffic congestion and management as requested. Air Operations provided 6 medivac operations during the 3rd Quarter.

Santa Cruz has stocked "What to do in a traffic collision" pamphlets in patrol vehicles, front desk area, and public information booths. Strategy 5 is in progress.

Hollister-Gilroy experienced a big rig/vegetation fire occurred in Los Banos Area on SR152 at Romero Visitors Center on 8/15/08; Area units responded to assist. SR-152 was closed in both directions, which caused a backup to the Pacheco Y in the Area. Also, on 8/15/08, a fatal collision occurred on WB 152 west of the Pacheco Y. Westbound lanes were closed for approximately 3 hours. The Area has scheduled SEMS/NIMS Training for fourth quarter.

Gilroy IF conducted a Hazardous Materials tabletop exercise during the second quarter.

Monterey experienced one on-going closure over 90 minutes. This closure was due to the continuation of the Basin Complex Fire. The Area continues to annually update each uniformed employee on SEMS/NIMS guidelines. As part of this training, the training officer establishes training plans for each training day. Currently all small gas mask filters are being inventoried and replaced due to expiration dates. In addition, all tactical gear is being inventoried. Officers are reminded to open roadways as soon as possible. The Freeway Service Patrol is also being used for CLEAR principals. Captain Lynch attends quarterly meetings with Caltrans to review congestion-causing incidents and traffic-clearing practices. Captain Lynch has also accomplished considerable planning to include an operations plan for possible mud slides in the Big Sur area.

King City did not have any freeway/highway closures occur in the 3rd quarter that met reporting criteria. On 7/16/08, Sgt. Hanson participated in "Operation Hydra" with the US armed forces. The multiple day exercise took place at Fort Hunter Liggett and branched out into the surrounding communities. On 8/27/08, Amber Alert emergency preparedness exercise conducted at Area staff meeting. Exercise documented on memorandum.

2008 Strategic Plan Quarterly Report

Templeton have all area personnel trained in SEMS/NEMS during the 3rd Quarter. North sector allied agencies have not held any emergency drills. Area will look for anything to participate in during the last quarter including drills conducted in the south sector.

San Luis Obispo did not have any freeway/highway closures occur in the 3rd Qtr. Area personnel will be trained in SEMS/NIMS during the 4th quarter training period. All Area sergeants and the lieutenant attended Hazardous Materials Incident Command training during the 3rd quarter. The Area commander/lieutenant have attended two table top planning sessions for the upcoming Federal Emergency Management Agency drill scheduled for the 4th quarter of 2008. The planning meetings were held on August 11, 2008, and September 3, 2008; and covered the details of the incident affecting the Diablo Canyon Nuclear Power Plant and emergency response from county agencies. The Area Commander, lieutenant and sergeant participated in a full-practical exercise on September 25, 2008, at the County Emergency Operations Center and Pismo Beach City Emergency Operations Center. The exercise centered on a site /general emergency at the Diablo Canyon Nuclear Power Plant. This planning session involved representative from 20 different public service and private entities.

Santa Maria had two officers on vacation at the time of scheduled training in July. They will attend SEMS/NIMS make up training on Nov 5th. The 3rd officer, Officer Reddick, has been on temporary assignment to Division as a background investigator since 4/1/08 and has been advised of the need to attend the Nov 5th training date.

Buellton conducted a quarterly seat belt compliance survey on 10/11/2008. US 101@ SR 154 = 100% compliance. SR 246 @ SR 154 = 99% compliance.

Santa Barbara Area personnel responded to a large brush fire (the Gap Fire) which threatened 6500 homes in July. Area utilized additional personnel resources from the Santa Maria, Buellton, Ventura and Moorpark Areas to conduct traffic control, and were actively involved with representatives from city, county, state and federal emergency services agencies in the County Emergency Operations Center and the Incident Command Center. All freeways and major State Routes remained open. Area personnel attended a planning meeting regarding anticipated protests at UC Santa Barbara during the UC Regents meeting in July. On September 11 and 25, 2008, Area personnel attended a planning meeting with representatives from the Santa Barbara County Fire Department and the Santa Barbara County Sheriff's Department regarding preparedness for potential flooding resulting from the Gap Fire. Area participated in a tabletop emergency exercise with the Santa Barbara County Fire Department and Santa Barbara County Sheriff's Department on September 30, 2008.

Ventura experienced a road closure September 4, 2008, on State Route 126 at Edwards Ranch Road was closed in the eastbound direction at 1040 hours and reopened at 1846 hours due to a CalTrans involved collisions. Coastal MAIT responded to handle the fatal collision investigation. Total closure approximately 8 hours. Third quarter training day covered SEMS/NEMS training. All officers, sergeants, and managers attended training on this subject.

Moorpark personnel received a refresher SEMS/NIMS Training in the third quarter.

Conejo IF have all personnel trained in Fro and SEMS, including Haz Mat scenarios. Sgt. Trained in required HMIC on 9/11 and 9/20/08.

2008 Strategic Plan Quarterly Report

Templeton have all area personnel trained in SEMS/NEMS during the 3rd Quarter. North sector allied agencies have not held any emergency drills. Area will look for anything to participate in during the last quarter including drills conducted in the south sector.

San Luis Obispo did not have any freeway/highway closures occur in the 3rd Qtr. Area personnel will be trained in SEMS/NIMS during the 4th quarter training period. All Area sergeants and the lieutenant attended Hazardous Materials Incident Command training during the 3rd quarter. The Area commander/lieutenant have attended two table top planning sessions for the upcoming Federal Emergency Management Agency drill scheduled for the 4th quarter of 2008. The planning meetings were held on August 11, 2008, and September 3, 2008; and covered the details of the incident affecting the Diablo Canyon Nuclear Power Plant and emergency response from county agencies. The Area Commander, lieutenant and sergeant participated in a full-practical exercise on September 25, 2008, at the County Emergency Operations Center and Pismo Beach City Emergency Operations Center. The exercise centered on a site /general emergency at the Diablo Canyon Nuclear Power Plant. This planning session involved representative from 20 different public service and private entities.

Santa Maria had two officers on vacation at the time of scheduled training in July. They will attend SEMS/NIMS make up training on Nov 5th. Comments on Action Guidelines:

Coastal Division ISU conducted five BAIT car operations throughout Coastal Division during the third quarter of 2008. The BAIT car was deployed for 10 days in the Oxnard area and resulted in the vehicle being stolen twice with four arrests made. Additionally, three operations were conducted in the Pismo Beach/Grover Beach area during the month of September. Also, conducted 14 auto theft related classes at Area offices. Training focused on construction equipment identification, fingerprinting, and street racing enforcement. ISU's auto theft efforts for the 3rd quarter accounted for approximately \$805,939 worth of recovered property -YTD \$2,739,786. During the month of September, all Coastal Division Areas updated their information on all state facilities located within their geographical jurisdiction. Copies of this information is maintained within ISU. Coastal Division aircraft conducted 1,305 homeland security checks during the 3rd quarter of 2008.

Santa Cruz experienced four reported incidents involving two burglaries. Confirmation of state reporting in progress.

Hollister-Gilroy and Division Auto Theft members are actively assisting Area personnel with auto theft investigations and recoveries. Auto theft personnel also provide update training during shift briefings. There were no crimes reported during the third quarter that occurred on state property.

Monterey maintains a 10851 poster in the briefing room for all officers to see. It allows officers the chance to track their statistics and helps to keep them continually motivated. Two officers are currently assigned to the Monterey County Gang Task Force. This program uses the CALGRIP grant and is a two-year assignment. These officers overlap with vehicle theft and have led to successful recoveries. One additional officer is currently on loan to Coastal Division Auto Theft. The Monterey Area has taken possession of two patrol cars equipped with a license plate reader in the near future. A new SSP officer has been assigned to address SSP training and contact with the various state buildings in the Area.

King City reported that State facility surveys have been updated in 3rd quarter. SSP program audit

2008 Strategic Plan Quarterly Report

King City reported that State facility surveys have been updated in 3rd quarter. SSP program audit conducted and quarterly SSP responsibilities briefed to squad. All King City Area personnel completed the annual Protecting Privacy in State Government training by 09/29.

Templeton reported no crimes on state property to report. Area is currently in the process of updating all existing MOU's with allied agencies regarding crimes on state property.

San Luis Obispo reported twenty-two stolen reports taken this quarter with (2) trailers; (5) motorcycles/ATVs, and (1) golf cart. The South County area of the county saw the most activity with (13) of the reported stolen vehicles. Three of the reported stolen vehicles were out of the city of San Luis Obispo, but reported to the CHP. Coastal Division conducted training on stolen implements of husbandry, construction equipment and tractors during training days on July 10th and 24th. A total of 32 officers and sergeants received this training. The only officers not attending were either on 4800 time or other administrative time away from the Area. No specific SSP training has been offered by Coastal Division or headquarters.

Santa Maria received training by ISU personnel in fingerprinting, during Area Training Days in July. Each patrol vehicle now contains a fingerprint kit.

Buellton received Vehicle Theft Training provided by Coastal Division ISU/Ventura County Auto Theft Task Force during second quarter Area training days. No dedicated SSP officers on staff. MOU's in place with Santa Barbara County Sheriff's Dept. and Lompoc Police Dept. for services at state facilities.

Santa Barbara reported representatives from Coastal Division Investigative Services Unit (VENCATT) provided fingerprint training to the squad in September.

Ventura Officer Weilbacher completed a 60 day temporary assignment with Ventura County Auto Theft Task Force (VenCATT). Seven rolling stolen and ten abandon vehicle recoveries during the third quarter of 2008. Three members of the Ventura squad are responsible for SSP and have received SSP training.

Moorpark reported routine safety checks were conducted at all state facilities this quarter.

Conejo IF noted on July 16, 2008 - Six officers attended "Construction Equipment and Theft Investigation" training.

Strategy #10:

Performance Measure(s):	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
Use box below	0	0	5	

Comments Strategy #8:

Area Commands are to comply with MM07-055, revision to General Order 110.7- Provisional Reporting of Traffic Deaths.

Santa Cruz noted the Area has found no discrepancies on fatal reporting for the county (Per MM 07-55/G.O. 110)

Hollister-Gilroy will continue to follow the direction in MM 07-055. Area will ensure reports are completed and thoroughly reviewed in a timely manner.

Monterey's accident investigation review (AI) officer puts out a weekly log of all reports that are nearing or beyond the expected due date. In addition, the AI officer maintains a log of all of the Area's fatals for review. Monthly, the Monterey County Coroner will send a list of county-wide fatalities to the AI officer. This list includes all fatalities from Allied agencies. The AI officer maintains a log for periodic review. The Captain will discuss the importance of proper fatality reporting at all Chiefs of Police meetings.

King City reconciles strategic plan reports, and ensures collision reports are submitted in a timely manner.

Templeton Information System and Management Information System fatality reporting numbers have been accurate throughout the 3rd quarter of 2008. No adjustments were necessary. All (1) fatal reports were entered into the MIS and AIS upon initial reporting.

San Luis Obispo Information System and Management Information System fatality reporting numbers have been accurate throughout the 3rd quarter of 2008. 1 adjustment was made with the 2nd quarter preliminary fatal numbers in Goal #2; it is 2 instead of 1. The numbers have been bolded to show the change. Year to date reconciliation shows the same numbers on both reports. All 6 fatal reports had preliminary reports submitted until the final investigations were completed. Vehicle inspections on some of the involved vehicles and complex prosecution issues kept most of the reports from being finalized with the 15 day timeframe.

Santa Maria had no fatal collision reports for the third quarter of 2008.

2008 Strategic Plan Statistical Report

Buellton noted local allied agencies continue to report fatal collisions as requested. Area continues to work with DA investigators to ensure thoroughness of reports/investigations to ensure prosecution.

Moorpark has established an independent tracking system of fatal reports since the office inception in January 2005. This tracking system was developed to provide the most current and accurate fatality records to the public. A fatal tracking board is also located in the sergeant's office. The board is utilized to improve the timely submission and accuracy of reports entered into MIS/SWITRS and complies with General Order 110.7.

Comments Strategy #9:

Santa Cruz reports "CHP Pride", recruitment, and wellness was emphasized during area training days. "Not one more" training scheduled during 4th quarter 2008. Also, discussed potential civil liability issues; recruitment; and enhancing Area's public service during staff meetings and training days.

Hollister-Gilroy instills "CHP PRIDE" in each officer and support staff, during their 118 process. The Area has also discussed incidents with potential civil liability and litigation consequences during staff meetings, such as search and seizure and PRA requests.

Gilroy IF management/supervision team at the Gilroy Inspection Facility worked consistently to instill "CHP PRIDE" in all command employees.

Monterey reported that as part of the 118 process, "CHP PRIDE" is instilled in each officer. In addition, during briefings several times a month, sergeants discuss the expectations and benefits of holding themselves to the standards set in "CHP PRIDE". The Area recently put together a sergeant study group and anticipates favorable results for all of its candidates. Suicide Prevention training has been provided for all employees in the Area.

King City has reviewed G.O. 0.8 with all employees receiving performance appraisals in the 3rd quarter. Area had one officer participate in the 2008 sergeant's promotional examination. Quarterly IIPP update was completed. All Area personnel received IIPP refresher training on 07/01. Two new Area employees were subsequently trained on the Area IIPP on 8/7 and 9/16.

Templeton reported that all employees have been trained in suicide prevention. All employees have been made aware of the importance of recruitment and are actively recruiting during their normal work shift. Area has been very active with ride-along with persons currently in the testing process.

San Luis Obispo has established a standardized procedures list for handling PRA documents. All clerical and Special Duty officers have been trained on how to process requests and log PRA items. Area participated in 24 public information events this past quarter. This does not include the PSA on local radio stations, which are handled every Thursday and Friday throughout the month. Area makes every effort to fulfill every request for public information and service, promoting the Department's philosophy of "Safety & Service."

2008 Strategic Plan Statistical Report

Buellton has instilled "CHP PRIDE" in each uniformed and non-uniformed employee. In addition, during briefings several times a month, sergeants discuss the expectations and benefits of holding themselves to the standards set in G.O. 0.1, "CHP PRIDE". Information regarding the Public Information Act is posted in the front office and accessible to the public upon request. The Injury and Illness Prevention Program principles are emphasized during Area training days and on an individual basis during annual employee evaluations.

Santa Barbara reported the Commissioner's Planning Guidance and "CHP PRIDE for life" were discussed with the squad in September. Promotional study group meetings were conducted once per week in July and August for those interested in the sergeant's promotional process. Area received stress management training in August.

Ventura reported 53 PRA requests, which were completed during the 3rd Quarter. Also, five officers from the Ventura Area are taking the sergeants promotional exam - mock orals given to officers preparing for the Sergeants QAP.

Moorpark reported that during annual evaluations and informal discussions with both uniform and civilians employees, supervisors and managers reinforce the Professional Values concept in an effort for employees to support and achieve an environment of "CHP PRIDE". Public Record Act (PRA) guidelines are posted for the general public and area personnel. The Area currently has five officers who have successfully passed the written testing portion for Sergeant. The Area is currently forming a sergeant study group for the upcoming QAP's. All area personnel have received Suicide Prevention training.

Comments Strategy #10:

Santa Cruz reported the Area Lt. and OSSI attended Procurement Training on July 30, 2008.

Hollister-Gilroy is in constant contact with Division to ensure that it is financially responsible in all aspects of purchasing and procurement.

Monterey maintains a great working relationship with Lisa Lewis of Facilities Section to coordinate compliance with all Chapter Inspections and ensures it is fiscally responsible in all aspects of procurement and purchasing. The Monterey Area is very aware of environmental issues and as such Captain Lynch now sits on the Monterey County Litter Abatement Board. This quarter Captain Lynch completed an inspection of the Monterey County Landfill as part of the Board duties.

King City used all 1st phase grant overtime hours allotted. Area complied with all regulations and policies governing purchases in the 3rd quarter. Expenditures were minimized in the 3rd quarter to comply with emergency spending restrictions.

Templeton has closely monitored the Federal Grant SLIC II Element 8 and all hours were used as projected. Area keeps in close contact with facilities and numerous upgrades have been approved this budget period such as more windows and built in

lockers, landscape upgrades and more power outlets.

San Luis Obispo clerical personnel have received training in the ARMS program and use the system to check on budget funding available. All requisitions go through the clerical supervisor before being sent to the commander for approval. Area has established tracking slips to ensure bills, purchase requisitions and CHP 735 reimbursement forms are completed as quickly as possible, and in compliance with departmental policy.

2008 Strategic Plan Statistical Report

completed as quickly as possible, and in compliance with departmental policy.

The San Luis Clerical Supervisor, Area maintenance worker and automotive technician have been reminded to ensure X-numbers are completed prior to the work being initiated and to ensure contracts in place for parts are being used.

Buellton is continuously monitoring and evaluating procedures surrounding procurement of supplies, fiscal management and facilities maintenance. Lt. Maples and his staff work closely with Division and Headquarters to ensure policies and procedures are met. The Area pays close attention to environmental issues within the Area. Specifically, the Area's fuel pumps were recently inspected and repaired to ensure no harmful vapors escape into the air.

Santa Barbara conducted audits of the Area Officer Safety and Area Evidence programs, during the third quarter.

Ventura reports utilizes the Departments Automated Resource Management System is used to track all Area purchases.

Moorpark clerical personnel have received training in the ARMS program and use the system to check on budget funding available. All requisitions are reviewed by the administrative sergeant and clerical supervisor prior to being sent to the area commander for approval. The Moorpark Area shares the police facility with the sheriff's department who are responsible for facility maintenance. The area meets regularly with the sheriff's department to maintain compliance with all Chapter Inspections.

Noteworthy Events: (Click in the box and type the narrative)

Comments on Action Guidelines:

During the fourth quarter, Coastal Division aircraft responded to 49 emergency incidents and provided information on traffic congestion and management as requested. Air Operations provided 2 medivac operations during the 4th Quarter.

Santa Cruz had two major closures during the 4th quarter, on SR-17 and SR-9. Area Officers were trained in CLEAR program guidelines for expediting re-opening roadways. Strategy 5 has been completed.

Hollister-Gilroy experienced a 3 hour road closure on November 23, 2008, southbound US-101 was closed due to a wrong way driver collision, all traffic lanes were blocked. Area management and the on-call Division Chief was notified.

Gilroy IF conducted a Hazardous Materials tabletop exercised during the 4th quarter.

Monterey experienced several incidents where a HEWAB was initiated; however, most of these advisories were due to debris slides in the Big Sur area. The Monterey Area continues to annually update each uniformed employee on SEMS/NIMS guidelines. As part of this training, the training officer establishes training plans for each training day. Officers are reminded to open roadways as soon as possible. The Freeway Service Patrol is also being used for CLEAR principals. Captain Lynch communicates with Caltrans to discuss congestion-causing incidents and solutions. He continues to work areas of concern such as SR-68, SR-156, and the Red Barn area of US-101. The Area also participated in two emergency exercise drills this year. The first was not previously reported, but was a mass casualty incident at Laguna Seca Raceway involving allied agencies of most of the county's first responders. Secondly, this quarter the communications center completed an evacuation tabletop exercise.

King City did not have any freeway/highway closures occur in the 4th quarter that met reporting criteria. On 10/30 an evacuation drill was conducted at Area office, eight employees participated. Also, conducted on 11/13 & 11/14 - Golden Guardian exercise - all uniformed staff in blues for tactical alert.

2008 Strategic Plan Quarterly Report

Templeton have all area personnel trained in SEMS/NEMS during the 3rd Quarter.

San Luis Obispo personnel were trained in SEMS/NIMS during the 4th quarter training period. All Area Sergeants and the Lieutenant attended Hazardous Materials Incident Command training during the 3rd quarter. The Area commander participated in a December 9, 2008, planning session for a Arroyo Grande flood control response plan. This planning session involved representative from 20 different public service and private entities. Four officers did not attend SEMS/NIMS training due to 4800 time, miscellaneous time away from the office or just recently transferred in after Area training had occurred. All personnel will be assigned to make-up classes are scheduled.

Santa Maria closed SR-166 was due to snow and ice at Grocer Grade (in the Buttonwillow Area) from December 17th at 1520 hours until December 19th at 1330 hours SR-166. Officer Alarcon has not been able to attend the scheduled training due to his daughter's serious illness. Officer Reddick has been on temporary assignment to Division as a background investigator since 4/1/08.

Buellton conducted an evacuation drill in compliance with Emergency Action Plan (EAP) Chapter 5-4, Section 1 on 4th quarter training day, December 9, 2008.

Santa Barbara reviewed security and emergency preparedness plans with representatives from the ExxonMobil processing facility on November 5, 2008. Area participated in a tabletop emergency exercise and debriefing meetings with the SB County Fire Department, SBSO and County OES regarding Gap Fire flooding preparedness on November 17-19, 2008. Area personnel and representatives from SBSO and SBPD attended a homeland security presentation by recognized expert Dr. Elie Krakowski on November 18, 2008. On December 12, 2008, Area personnel attended a debriefing meeting with representatives from the SB County Fire Department, SB City Fire and SBSO regarding preparedness for potential flooding resulting from the Tea Fire. Area personnel responded to assist handle traffic control duties for four days in the Montecito area during the Tea Fire.

Ventura participated in the Golden Guardian exercise. Sergeant Granieri represented Area at a table top exercise hosted by Ventura County Medical Center. Sergeants Viaropolus and Davy represented the Area at the Ventura County Sheriffs Department during the Golden Guardian exercise. Lieutenants Cronin and Baxter participated in several meetings to develop Ventura County's response plan to a nuclear disaster in the Los Angeles basin. This multi-agency plan coordinates County resources for safe evacuation on the freeway network and temporary relocation for evacuees over a multi-day period. There were several wild land fires effecting areas adjacent to Ventura. Paper companies were prepared in the event a response was necessary. During the "Box Canyon Fire" several Area officers assisted Moorpark Area with fixed post traffic control.

Moorpark experienced one closure due to the wild fires in the area and one closure to investigate a fatal collision. All area personnel received refresher SEMS/NIMS training in the third quarter.

Conejo IF have all personnel trained in Fro and SEMS, including Haz Mat scenarios. Sgt. Trained in required HMIC on 9/11 and 9/20/08.

* A road closure is: on a divided highway, if all lanes are closed in one direction regardless if there is a detour, on undivided highways, all lanes closed both directions.

Noteworthy Events:

(Click in the box and type the narrative)

Comments on Action Guidelines:

Coastal Division ISU conducted three BAIT car operations throughout Coastal Division during the fourth quarter of 2008. Additionally, ISU conducted 14 auto theft related classes at Area offices. Basic Auto Theft Investigation course was provided by VENCATT at the Ventura County Sheriff's Department Cadet Training Class and Street Racer Training classes were conducted in Ventura and San Luis Obispo. ISU's auto theft efforts for the 4th quarter accounted for approximately \$606,400 worth of recovered property. YTD \$3,346,186.00. VENCATT conducted five auto theft operations during the 4th quarter (one with Santa Paula Police, one with DMV Investigations, and three with Oxnard Police and Port Hueneme Police). On November 21, 2008, ISU personnel assisted DMV with a joint 2805/10851 Inspection Operation which focused on dismantlers in Arroyo Grande. Personnel from DMV, CHP, Bureau of Automotive Repair, Pacific Gas and Electric, SLO County Code Enforcement, SLO County Haz-Mat Department, SLO Sheriff's Department, and the SLO County District Attorney's Office participated in the operation. Additionally, 12 auto theft operations were conducted with allied agencies in Santa Cruz and Monterey County. ISU has an ongoing undercover case with 68 possible suspects. Charges range from 10851 VC, 496 PC, H&S sales, and gun possession/sales. ISU personnel also assisted the Santa Cruz County Drug Task Force with buy walk and surveillance on 12 separate occasions. With the exception of three allied agencies (Santa Clara County Sheriff's Department, Thousand Oaks Police Department, and Ventura County Sheriff's Department which are pending approval from their respective Attorney's Office) Coastal Division Areas have updated all SSP MOU's. Copies of the updated MOUs are available through ISU. Coastal Division aircraft conducted 1,075 homeland security checks during the 4th quarter of 2008.

Santa Cruz experienced four reported incidents involving two battery and 2 vandalism cases. Area officers were also trained in local gang trends, since considerable local auto-theft problems stem from gang-activity.

Hollister-Gilroy had one officer receive training in vehicle inspections during the fourth quarter. The Area is currently working with Division ISU to provide SSP training to all personnel during 2009.

2008 Strategic Plan Quarterly Report

Monterey is supplying two temporary officers to the Coastal Division Auto Theft Task Force to conduct a storefront operation. Officers are working undercover and making a multitude of connections and currently developing criminal cases against several individuals. Indications show these will be highly successful cases when completed. A Special Duty officer is tasked with tracking 10851 statistics to ensure officers are recognized for their stolen vehicle activity. Two officers are currently assigned to the Monterey County Gang Task Force. This program uses the CALGRIP grant and is a two-year assignment. These officers overlap with vehicle theft and have led to successful recoveries. Captain Lynch is a voting member of the steering committee which oversees the Monterey County Gang Task Force. The Monterey Area was loaned a patrol vehicle with a license plate reader. This vehicle was used extensively during CalGrip Salinas. A new SSP duty has been assigned to address SSP training and contact with the various state buildings in the Area. In addition, the Area has been successful in training all officers in SSP. Captain Lynch continues to meet with key contacts and community groups in the county to offer assistance when required and/or requested.

King City advised the SSP program audit was conducted and quarterly SSP responsibilities briefed to squad.

Templeton reported no crimes on state property to report. Area is currently in the process of updating all existing MOU's with allied agencies regarding crimes on state property. Area personnel are to receive training during 1st quarter of 2009.

San Luis Obispo mentioned there were (12) stolen reports taken this quarter with (3) motorcycles and 9 cars/trucks. The South County area of the county saw the most activity with (10) of the reported stolen vehicles. Coastal Division ISU personnel conducted fingerprint training during the December 2008 training days. No specific SSP training has been offered by Coastal Division or headquarters.

Santa Maria personnel will receive State Property Investigator Training from Coastal Division in 2009.

Buellton does not have a dedicated SSP officers on staff. MOU's in place with Santa Barbara County Sheriff's Dept. and Lompoc Police Dept. for services at state facilities.

Santa Barbara reported that representatives from SBSO Investigative Services Unit provided training to the squad in November, regarding motorcycle gangs and stolen motorcycle components.

Ventura Officers investigated and documented 7 stolen vehicle incidents this quarter. Officers recovered 13 stolen vehicles this quarter, 4 of which were occupied. Area Public Information Officer discusses auto theft prevention during each of his traffic safety presentations.

Moorpark conducted routine safety checks at all state facilities this quarter.

Conejo IF noted on July 16, 2008 - Six officers attended "Construction Equipment and Theft Investigation" training.

Comments Strategy #8:

Area Commands are to comply with MM07-055, revision to General Order 110.7-Provisional Reporting of Traffic Deaths.

Santa Cruz has not identified any discrepancies in county fatal reporting.

Hollister-Gilroy advised Commanders to establish and develop relationships and contact with allied agencies to assist in the collection of fatality reports. I have and will continue to develop positive relationships with all allied agency members.

Monterey accident investigation review (AI) officer puts out a weekly log of all reports that are nearing or beyond the expected due date. In addition, the AI officer maintains a log of all of the Area's fatals for review. Monthly, the Monterey County Coroner will send a list of county-wide fatalities to the AI officer. This list includes all fatalities from Allied agencies. The AI officer maintains a log for periodic review.

The Captain will discuss the importance of proper fatality reporting at all Chiefs of Police meetings.

King City reconciles strategic plan reports, and ensures collision reports are submitted in a timely manner.

Templeton Information System and Mangement Information System fatality reporting numbers have been accurate throughout the 3rd quarter of 2008. No adjustments were necessary. All (1) fatal reports were entered into the MIS and AIS upon initial reporting.

San Luis Obispo Information System and Mangement Information System fatality reporting numbers were compared to Area Information Statistics. All fatal report numbers were accurate. All Area fatal reports had preliminary reports submitted until the final investigations were completed. Vehicle inspections on some of the involved vehicles and complex prosecution issues kept most of the reports from being finalized with the 15 day timeframe.

Santa Maria had no fatal collision reports for the fourth quarter of 2008.

Buellton continues to comply with General Order 110.7, provisional reporting of traffic deaths.

Local allied agencies continue to report fatal collisions as requested.

Area continues to work with DA investigators to ensure thoroughness of reports/investigations to ensure prosecution.

Moorpark has established an independent tracking system of fatal reports since the office inception in January 2005. This tracking system was developed to provide the most current and accurate fatality records to the public. A fatal tracking board is also located in the sergeants office. The board is utilized to improve the timely submission and accuracy of reports entered into MIS/SWITRS and comply with General Order 110.7

2008 Strategic Plan Statistical Report

Comments Strategy #9:

Santa Cruz advised that "CHP Pride", recruitment, and wellness were emphasized during training days. Supervisors and officers were reminded to stay sensitive to budget constraints, overtime use, and cost savings through careful risk management of liability, including occupational safety awareness and follow-up.

Hollister-Gilroy will continue to instill "CHP PRIDE" in all employees. Review with all Area employees during performance appraisals. Review promotional examination and appointment practices to ensure proper application of policies and procedures. Provide briefing items soliciting promotional interest from employees and form study groups for those interested. Provide developmental assignments and constructive feedback on performance. Review pending litigation to evaluate risk management impact on departmental operations. Regularly brief and roundtable COMMNET messages regarding our policy. Critique for improvements.

Gilroy IF noted the management/supervision team at the Gilroy Inspection Facility worked consistently to instill CHP PRIDE in all command employees.

Monterey reported as part of the CHP 118 process, "CHP PRIDE" is instilled in each officer. In addition, during briefings and training days several times a month, the Captain and sergeants discuss the expectations and benefits of holding themselves to the standards set in CHP PRIDE. The Area put together a sergeant study group and successfully landed two officers on the current promotional list.

Suicide Prevention training has been provided for all employees in the Area. EAP and other resources are discussed with all employees. The Captain conducts a ride-a-long with all new officers to personally discuss resources available to them.

King City reviews G.O. 0.8 with all employees receiving performance appraisals in the 4th quarter. Quarterly IIPP updates were completed. One new Area employee was trained on the Area IIPP on 11/13.

Templeton employees have been trained in suicide prevention. All employees have been made aware of the importance of recruitment and are actively recruiting during their normal work shift. Area has been very active with ride-alongs with persons currently in the testing process.

San Luis Obispo has established a standardized procedures list for handling PRA documents. All clerical and Special Duty officers have been trained on how to process requests and log PRA items. Area participated in 27 public information events this past quarter. This does not include the PSA on local radio stations, which are handled every Thursday and Friday throughout the month. Area makes every effort to fulfil every request for public information and service, promoting the Department's philosophy of "Safety & Service."

Santa Barbara participated in the Department's Coaching and Mentoring Program development during the quarter. "Its Your Ship" presentation and assignment given to the sergeants at a staff meeting during the quarter.

Ventura reports the number of PRA requests completed during this reporting period: 38

Moorpark reported that during annual evaluations and informal discussions with both uniform and civilians employees, supervisors and managers reinforce the Professional Values concept in an effort for employees to support and achieve an environment of "CHP PRIDE". Public Record Act (PRA) guidelines are posted for the general public and area personnel. All personnel have received Privacy in the Work Place training. All area personnel have received Suicide Prevention training.

Comments Strategy #10:

2008 Strategic Plan Statistical Report

Privacy in the Work Place training. All area personnel have received Suicide Prevention training.

Comments Strategy #10:

Santa Cruz reported Area Lieutenant attended Procurement Training on December 2008.

Hollister-Gilroy will increase departmental awareness and enhance training in fiscal operations and procurement processes. Two phases of training were attended by all necessary employees. Commands to collaborate with Purchasing Services Unit during all phases of the procurement process. Currently using the REDS system.

Commands to ensure Chapter Inspections are conducted by coordinating with Facilities Section. Chapter inspections are completed as directed by Division. Commands should complete an environmental analysis to ensure better comprehension of changes in their respective communities. During the second quarter of 2008 a comprehensive area environment study and report was completed and routed through the chain of command.

Monterey is in constant contact with Division to ensure that it is financially responsible in all aspects of purchasing and procurement. In addition, the Area maintains a great working relationship with Lisa Lewis of Facilities Section to coordinate compliance with all Chapter Inspections. The Captain meets with Monterey Area staff monthly to discuss the budget. The Monterey Area is very aware of environmental issues and as such Captain Lynch now sits on the Monterey County Litter Abatement Board. Last quarter Captain Lynch completed an inspection of the Monterey County Landfill as part of the Board duties and continues to encourage officers to enforce litter violations. The Area also has a program to issue warning letters to individuals observed littering by private citizens.

King City used all but 1.5 hours of sergeant 2nd phase grant funded overtime hours allotted. Area complied with all regulations and policies governing purchases in the 4th quarter. Several Area employees received fiscal responsibility and REDS training in the 4th quarter. Exenditures were minimized in the 4th quarter to comply with with emergency spending restrictions.

Templeton Federal Grant SLIC II Element 8 has been closely monitored and all hours were used. Area does closely monitor its budget and spending. Area keeps in close contact with facilites and numerous upgrades have been approved this budget period such as more windows and built in lockers, landscape ungrades have been completed.

San Luis Obispo clerical personnel have received training in the ARMS and ReDS program and use the system to check on budget funding available. All requisitions go through the clerical supervisor before being sent to the commander for approval.

New Standard Operating procedures have been implemented for handling DUI cost recovery reconciliation of CHP 415/CHP 735 forms. In November, the Area was subject of a departmental audit by the new Office of Inspections. The audits consisted of fleet, X-numbers, contracts, purchasing, evidence, personnel, reimburseable services, and cash receipts. Only minor corrections were necessary to Area processess.

Santa Barbara designated Area personnel completed ReDS and procurement training in December.

Ventura reported the Automated Resource Management System is used to track all Area purchases.

Moorpark clerical personnel have received training in the ARMS / Reds program and use the system to check on budget funding available. All requisitions are reviewed by the administrative sergeant and clerical supervisor prior to being sent to the area commander for approval. The Moorpark Area shares the police facility with the sheriff's department who are responsible for facility maintenance. The area meets regularly with the sheriff's department to maintain compliance with all Chapter Inspections.

**2009 Strategic Plan Quarterly Report
Coastal Division**

Comments on Goal(s) 1.1 thru 1.5:

705 (MAIT) - GOAL 1.1 - Activity This Quarter: MAIT assisted Area Offices with the investigation of eight cases during the first quarter of 2009. Two of these cases involved rolling to an active scene for immediate assistance. MAIT also reviewed two Golden Gate Division MAIT cases pursuant to the mentorship process. MAIT provided accident investigation related training at 10 Area training days during this quarter. Training consisted of vehicular homicide, restraint systems, and mechanical inspections. ACHIEVED: 1st Qtr - 10 YTD - 10. **GOAL 1.2** - Activity This Quarter: MAIT conducted one VISIO training class during this quarter. The training was conducted at Division And was attended by personnel from Monterey, Santa Maria, King City, and Santa Cruz. Four VISIO classes are tentatively scheduled for the second quarter of 2009. ACHIEVED: 1st Qtr - 1 YTD - 1

706 (VENCATT) - GOAL 1.5 - Activity This Quarter: VENCATT deployed the county BAIT vehicle five times this quarter which resulted in one arrest. ACHIEVED: 1st Qtr - 5 YTD - 5. VENCATT personnel conducted seven Area training classes in Santa Barbara and Ventura County. ISU personnel in the north and central sectors conducted five training sessions. ACHIEVED: 1st Qtr - 12 YTD - 12.

708 (AIR OPS) - GOAL 1.1 - Activity This Quarter: The Air Ops fixed wing aircraft worked 82 SEU details within the "Speed Corridors". A total of 529 citations were issued during this quarter. ACHIEVED: 1st Qtr - 82 YTD - 82. Air Ops personnel conducted 13 public education events during this quarter. ACHIEVED: 1st Qtr - 13 YTD - 13. **GOAL 1.2** - Activity This Quarter: Sergeant Egger attended six meetings with County EMS. The HURC is no longer holding any meetings; and, therefore necessitates modification of the quarterly goal of seven meetings per quarter to six. ACHIEVED: 1st Qtr - 6 YTD - 6. Sergeant Egger attended seven meetings with the affected EMS counties. ACHIEVED: 1st Qtr - 7 YTD - 7. Air Ops aircraft responded to a total of 45 emergency incidents during this quarter. **GOAL 1.5** - H-70 responded to five emergency incidents wherein medical assistance was provided. Air Ops personnel conducted 1,981 security checks during this quarter. ACHIEVED: 1st Qtr - 1,981 YTD - 1,981.

710 (ISU DIVISION) - GOAL 1.5 - Activity This Quarter: ISU personnel recovered 76 stolen vehicles during this quarter and had 21 10851 related arrests. (Note: Estimated value of recovered property for the first quarter of 2009 is \$510,110). ACHIEVED: 1st Qtr - 97 YTD - 97. A total of 14 auto theft operations were conducted with allied agencies. ACHIEVED: 1st Qtr - 14 YTD - 14. Utilizing the department's CHP 136E (Vehicle Theft Report), ISU has established a monthly reporting system for all Coastal Division Areas and ISU personnel. Coastal Division CHP submitted 154 stolen vehicles reports this quarter and recovered 274 vehicles. The LPR vehicle was deployed in Monterey, King City and San Luis Obispo areas during the first quarter of 2009. Due to an on-going undercover operation, which necessitates maximum use of ISU personnel, there were no 10851 warrant sweeps conducted this quarter. ISU personnel conducted 53 probation searches and two warrant services during this reporting period. MADCAT personnel attended one farm bureau meeting this quarter. ACHIEVED: 1st Qtr - 1 YTD - 1. Currently three officers from the Santa Cruz/Monterey area are participating in the vehicle theft investigator internship program. With the exception of two allied agencies (Santa Clara and Ventura County Sheriff Departments) all SSP MOUs have been updated and are available through ISU. ISU maintains information on all state facilities within each Area's jurisdiction. This information was last updated in September of 2008, and is available within ISU. A list of all Area personnel assigned to SSP duties has been developed and is available through ISU. On March 3, 2009, ISU Investigator A. G. Speake provided special construction equipment training to all commercial enforcement unit personnel. Each Area has identified an SSP liaison officer and will be working with Officer Kevin Coomer to conduct SSP training to state facility managers/personnel. Officer Kevin Coomer has been designated Coastal Division's TLO. He attended several terrorism classes during the first quarter of 2009 and has assisted Areas in identifying their critical infrastructures. Officer Coomer has developed a terrorism/safety services training curriculum and will be providing this training to all Coastal Division CHP personnel during the second quarter of 2009.

**2009 Strategic Plan Quarterly Report
Coastal Division**

Comments on Goal(s) 1.1 thru 1.5:

711 (COMMERCIAL UNIT) - GOAL 1.1 - CEU will support Areas in reduction of Commercial Vehicle PCF collisions by participating in MCSAP grant strike forces. The goal is to work 25 details annually. (Note: MCSAP funding was eliminated during the 3rd quarter of 2008). **ACHIEVED:** 1st Qtr: 1 YTD: 1. CEU to enforce seatbelt violations and note activity on their monthly CHP 100 form. **GOAL:** Minimum of 3 "seatbelt enforcement" days per quarter. **ACHIEVED:** 1st Qtr: 3 details YTD: 3 details. Continued Mobile Road Enforcement (MRE) focus on commercial truck violations and passenger cars affecting commercial truck movements. **ACHIEVED:** 1st Qtr: 3 details YTD: 3 details. CEU will conduct DRE strike forces; Minimum of 2 DRE strike forces annually. **ACHIEVED:** 1st Qtr: 1 YTD: 1. SAFE team will conduct Farm Labor Vehicle (FLV) strike forces throughout the Division. Minimum of 53 FLV strike forces annually. **ACHIEVED:** 1st Qtr: 12 YTD: 12. CIEP provides educational seminars covering identified commercial vehicle PCF's to industry and the general public. Minimum of 125 CIEP presentations annually. **ACHIEVED:** 1st Qtr: 34 presentations YTD: 34 presentations. SAFE team provides "outreach" presentations focusing on the safe transportation of farm laborers. Minimum of 130 SAFE presentations annually. **ACHIEVED:** 1st Qtr: 40 presentations YTD: 40 presentations. **GOAL 1.2** - CIEP utilizes the ride-along system with Motor Carrier Specialists to become familiar with Motor Carrier operations. Each CIEP instructor to participate in 2 MCS ride-alongs annually. **ACHIEVED:** 1st Qtr: 3 ride-alongs YTD: 3 ride-alongs. CEU assists Air Resources Board (ARB) personnel in conducting roadside vehicle emissions inspections upon request. **ACHIEVED:** 1st Qtr: 1 detail YTD: 1 detail. Upon Area request, CEU will provide commercial vehicle inspections and documentation on a CHP 407F at the scene of commercial vehicle collisions and complete within 3 days of the collision. **ACHIEVED:** 1st Qtr: 10 407F's completed within the required time frame. YTD: 10 407F's completed within the required time frame.

720 - Motorcycle collisions: total = 15, Injury = 13, Fatal = 1. Santa Cruz Area's seatbelt survey shows a 97.5% compliance rate.

725 - GOAL 1.1 - The Area continues to conduct SEU details, focusing on locations where high incidents of collisions occur. The Area conducted three SEU details, one independent, one with the Los Banos Area, and one with the Hollister Police Department. The results were 89 total citations. The Area conducted three seatbelt surveys. 01/15/2009, N/B US-101 at the Dunne Avenue off-ramp = 96%, 02/20/2009, Masten Avenue east of Monterey Road = 94%, and 03/24/2009, SR-25 on-ramp to N/B US-101, 97%. The Area's current seatbelt compliance rate is 95.6%. **GOAL 1.2** - The Area conducted one multi-Area SEU with the Los Banos Area and one with the Hollister Police Department. The Area commander and executive sergeant attended meetings with the north sector CHP Area commanders (3), Gilroy PD Chief (Calgrip), UNET (Narcotics task force), Hollister PD (SR-25 bypass), San Benito County Judge Sanders (Area issues), San Jose Area commander (Area issues), Santa Clara District Attorney (Case file review), Attend Monterey Dispatch Center training day, San Benito Sheriff Hill, South Santa Clara County Patrol Commanders (3), Central Coast Retirees Luncheon, San Benito County Council of Government (2), Assemblyman William Moning, CA DFG Captain Huckins, Los Banos Area commander (Area issues). The Area has continued to see an improvement in report completion times since the implementation of an added internal report tracking system. **GOAL 1.4** - 03/20/2009, SR-25 at Bolado Park was closed in both direction due to a fatal collision, which involved a semi truck and trailer blocking the roadway. The road was closed from 1910 to 2130, with CHP units actively directing traffic. The impact to traffic was very minimal due to the approximate 10 vehicle per hour that traveled the area.

730 - GOAL 1.2 - The Monterey Area was successful in providing 86% of the collisions investigated to the public within eight days with an overall average of 4.7 days. Additionally, there were four fatal and 20 hit and run collisions (involving follow up) with all preliminary reports being completed within eight days. As a standard operation procedure, a late report list is generated weekly which is monitored and briefed by sergeants to road patrol officers to ensure the timely submission of collision reports. The Monterey Area Management Staff will continue to develop new strategies to improve the timely completion of collision reports as part of the Department's commitment to improving services to the public. **GOAL 1.4** - During this quarter, there were two incidents requiring a closure of 90 minutes or longer. On February 11, 2009, a 35 mile stretch of SR-1 was closed for approximately 10 hours within the Big Sur Resident Post Area of Monterey County. The roadway closure was caused by multiple rock slides. On March 13, 2009, a ½ mile section of SR-183 was closed for 1 hour and 37 minutes due to a pipe bomb being found along the roadway. Both incidents were cleared as quickly as possible with the safety of the motoring public in mind. **GOAL 1.5** - The Monterey Area Command continues to initiate innovative measures to reduce auto theft in Monterey County. There has been a 26% reduction in auto theft from the same time last year within Monterey CHP jurisdiction.

**2009 Strategic Plan Quarterly Report
Coastal Division**

Comments on Goal(s) 1.1 thru 1.5:

735 - Goal 1.2 - The Area only experienced one private property, off-highway vehicle (quad motorcycle) fatal collision in the first quarter. Pages 1- 3 of this report were available within 8 days. **Goal 1.5** - The Area recovered eight stolen vehicles in the first quarter, two of which were occupied.

740 - GOAL 1.2 - Officer are continually advised about the importance of getting their collision reports done on time. A list is published once a week to assure reports are completed within the 8 day time period. **GOAL 1.5** - Auto theft remains low in the north county portion of SLO county. Officers are briefed on the current hot sheet and the importance check VIN numbers on vehicle they encounter that may be suspicious.

745 - There continues to be minor differences between the AIS & Program 10 Statistical Reports. The usual discrepancy is in the private property collisions, which do not show up on the AIS, nor do the private property DUI Collisions. These are easily reconciled. Area continues to increase enforcement activity: Increase of 33% - Total citations and 43% - DUI Arrests; Decrease in total collisions - 22%; and DUI PCF Collisions - 15%. **GOAL 1.5** - During the 1st Quarter of 2008, Area took 25 stolen vehicle reports. During the 1st Quarter of 2009, Area had only 8. This is a reduction of 66%. Motorcycle Collisions: Fatal - 0; Injury - 3; PDO - 4 = 7

750 - GOAL 1.4 - 3/6/2009: SR-166 closed for 24 hours due to a 7 vehicle, fiery, multiple fatal collision (4 passenger vehicles and 3 tractor trailer combinations). Coastal Division MAIT was called out for this collision. **GOAL 1.5** - Santa Maria Police Department reported taking 102 vehicle theft reports during the first quarter. The Guadalupe Police Department reported taking 1 vehicle theft report for the first quarter.

755 - Quarterly seat belt compliance survey conducted on 04/12/09: N/B US 101@ SR-154 = 100% compliance. W/B SR-246 W/O Buellton = 100% compliance.

760 - Area conducted 9 child safety seat presentations and installation service events during the quarter. Area conducted 2 Start Smart presentations during the quarter, and conducted an interview with the Santa Maria Times regarding the "Taste Responsibly - Designate a Sober Driver" Winery grant. Area officers wrote 74 restraint citations on the Department's statewide "Vehicle Occupant Restraint Enforcement and Education Day" on March 31. Area was involved in the planning efforts for this year's "Every 15 Minutes" presentation at Carpinteria High School. Area representatives also participated in the Career Day at Santa Barbara High School, and received 15 interest cards from students interested in becoming Explorers. Area has advertised and scheduled interviews for candidates interested in starting Area's first Senior Volunteer Program.

765 - GOAL 1.2 Area investigated a total of five fatal collisions. One was on private property (Beat 904) in a homemade dune buggy. Two fatal collisions involved motorcycles on a weekend day in the mountainous area surrounding Ojai. Another occurred during the early morning commute (0530 hours) on SR 126 in heavy rain. The driver lost control and spun into oncoming traffic. The last was a double fatal, solo vehicle accident, in which three occupants at high speed drove through a "T" intersection and collided with a dirt culvert. Area average for this period between 2005 to 2007 is 4 fatal collisions.

771 - Conejo achieved a 13% increase in Level 1 inspections this quarter (vs. 3 year average) despite our inspectors having to take 2 furlough days per month in February and March.

**2009 Strategic Plan Field Command
Quarterly Report**

Division:	Coastal	Area:	Division
Goal 3.3 - Customer Service			
<i>Performance Measure: Commanders shall attend local county board of supervisors meetings and meet with board members on a quarterly basis. All such activities shall be documented in quarterly reports.</i>			
	Qtr. 1	Qtr. 2	Qtr. 3
	Qtr. 4	Cmltv.	
Number of meetings held between commanders and local county board of supervisors.	33		33
Comments on Quarterly Meetings:			
<p>720 - Supervisor Coonerty - operations. Supervisor Stone - Tour of Calif. Supervisor Campos - Budget. Supervisor Board - Radar Enforcement.</p> <p>725 - The commander attended one county board of supervisors meeting on 03/24/2009. The details of a recent fatal collision were discussed.</p> <p>730 - The Monterey Area Commander and Management Staff have made an assertive effort to meet with County Supervisors and other Elected Officials to establish an open-line of communication to better serve the motoring public within CHP jurisdiction.</p> <p>735 - Area commander attempted to attend two county board of supervisor meetings. The first meeting was a closed session. The second meeting was cancelled. The Area commander met with supervisor Salinas' south county office manager to discuss traffic and other related matters on March 20th.</p> <p>740 - Met with Supervisor Frank Meecham and discussed issues relating to traffic on G-14. He was very happy with the feedback he was receiving from his constituents about the CHP presence. Supervisors Patterson and Gibson will be contacted in the second quarter. No issues have been brought up by any of the supervisors within the Templeton Area.</p> <p>745 - The Commander met with the Board on three separate occasions. Normal items discussed are traffic matters related to their respective districts. This Board has three new members and each was given a copy of the CHP Perspectives Magazine and an overview of the CHP Operations within San Luis Obispo County. The Area has always enjoyed an excellent relationship with the Board and will work together to address the needs of the County.</p> <p>750 - The scheduled meeting with supervisor Gray was cancelled with no meeting held in 1st quarter. March 10th: Met with Supervisor Centeno. Discussed recent fatal collisions and invited him to the U.S. 101 freeway dedication ceremony in memory of CHP Officer Loren Scruggs, #3186 on April 23, 2009.</p> <p>755 - Lt. Maples met with 4th District Supervisor Doreen Farr on March 20, 2009. Ms. Farr wanted to discuss traffic issues within the district with the Commander.</p> <p>760 - During the first quarter, Captain Sgobba attended the installation ceremony for the recently re-elected County Supervisors Gray (4th District) and Carbajal (1st District), and newly-elected Supervisor Farr (3rd District). Captain Sgobba and Lieutenant Greenfield then met with Supervisor Farr's representative for the Isla Vista community, Esther Aguilera regarding our involvement in the Isla Vista Foot Patrol and our preparations for the upcoming Dalai Lama visit to UC Santa Barbara. In March, Captain Sgobba and Lieutenant Maples from the Buellton Area met with Supervisor Farr to provide her with an overview of our respective operations and programs (Winery Designated Driver Grant, Isla Vista Foot Patrol, Freeway Service Patrol, Homeless Pedestrian Safety Program, Vehicle Parking/Removal Program). Captain Sgobba also met with Jeremy Tittle, Executive Staff Assistant for Supervisor Carbajal, regarding detour concerns associated with an upcoming construction project which will close a section of SR-192 for approximately three months.</p> <p>765 - March 18, 2009, Captain Whiteford met with Supervisor Foy's Chief of Staff Mark Lunn. Information on the LIDAR Program was discussed as well as the DUI cost recovery program. March 24, 2009, Captain Whiteford met with the Ventura County Board of Supervisors. Captain Whiteford discussed enforcement efforts with the CalGRIP grant and fatal collision trends.</p> <p>770 - 3-24-09 Meeting with County Supervisors.</p> <p>771 - Lt. Munday meets with Supervisor Foy or his Chief of Staff at least once a month. All commercial stats re: SR-118 are provided and other issues discussed. Additionally the Area is part of the SR-118 Safety Task Force that is headed by the Supervisor.</p>			

**2009 Strategic Plan Field Command
Quarterly Report**

Division:	Coastal	Area:	Division
Goal 4.3 - Financial Management			
<i>Performance Measure: Train all designated employees on the Statewide Automated Resource Management System by December 31, 2009.</i>			
	Qtr. 1	Qtr. 2	Qtr. 3
	Qtr. 4	Cmltv.	
Number of personnel trained on the Statewide Automated Resource Systems (ARMS).	29		29
Comments on ARMS Training:			
<p>714 (MOTOR CARRIER UNIT) - On January 14, 2009, Motor Carrier Specialist III Shannon Campos and Motor Carrier Specialist II Steve Cake and Fred Maahs attended ARMS training at Division.</p> <p>720 - The Santa Cruz Area Commander and Office Services Supervisor both received ARMS training during the first quarter of 2009.</p> <p>725 - The commander received updated ARMS training on 1/4/2009. The commander also received procurement training on 03/19/2009. The commander however does not have user access to the ARMS, only a "read" access.</p> <p>730 - During this quarter, the Commander, Field Operations Officer, and an Office Technician received ARMS training. The Area will contact Division in order to coordinate ARMS training for additional personnel to include the Area's Administrative Lieutenant and Office Manager.</p> <p>735 - The Area commander, office services supervisor, office assistant, and automotive service mechanic have been trained in ARMS.</p> <p>740 - Commander, Office Supervisor, Office Assistant, and one Sergeant received ARMS training. Due to budget constraint ARMS has not been used to keep up efficiency.</p> <p>750 - All necessary personnel have been trained in the use of ARMS.</p> <p>755 - Lt. Maples and OA1 Peggy Cota attended ARMS training on March 16, 2009 at Coastal Division Headquarters.</p> <p>760 - Captain Sgobba received ARMS training at the Commander's Forum on February 19.</p> <p>771 - The Commander, Office Tech. and Admintrative Support Officer received ARMS training.</p>

Comments on Goal(s) 1.1 thru 1.5:					
<p>705 (MAIT) - GOAL 1.1 - Activity This Quarter: MAIT assisted Area Offices with the investigation of eight cases during the first quarter of 2009. Seven of these cases have been completed. One involved an immediate response to an active scene for a tour bus loaded with French tourists. MAIT also completed the ten case mentorship of Golden Gate MAIT. MAIT has instituted procedures that allow preliminary reports to be released in every full investigation within eight business days. Due to casework (two fulls) and other training obligations, MAIT did not train road patrol this quarter; however, last quarter MAIT conducted ten training events. ACHIEVED: 2nd Qtr - 0 YTD - 10. GOAL 1.2 - Activity This Quarter: MAIT conducted four VISIO training class during this quarter. To further move toward 100 percent electronic collision report completion, MAIT is currently working with Hollister-Gilroy Area. Captain McRae has expressed a desire to create paperless report storage system wherein any involved party with whom Hollister-Gilroy Area has taken a collision report, regardless of their residence location, would be able to have that report e-mailed to their local CHP Area Office. ACHIEVED: 2nd Qtr - 4 YTD - 5.</p> <p>706 (VENCATT) - GOAL 1.5 - Activity This Quarter: VENCATT deployed the county BAIT vehicle twice this quarter, no arrests were made. ACHIEVED: 2nd Qtr - 1 YTD - 6. VENCATT personnel conducted six Area training classes in Santa Barbara and Ventura County. ISU personnel in the north and central sectors conducted seven training sessions ACHIEVED: 1st Qtr - 13 YTD - 25</p>					

**2009 Strategic Plan Field Command
Quarterly Report**

Comments on Goal(s) 1.1 thru 1.5:

708 (AIR OPS) - GOAL 1.1 - Activity This Quarter: The Air Ops fixed wing aircraft worked 36 SEU details within the "Speed Corridors". A total of 270 citations were issued during this quarter. **ACHIEVED:** 2nd Qtr - 36 YTD - 118. Air Ops personnel attended six Area training days during this quarter. **ACHIEVED:** 2nd Qtr - 3 YTD - 6. Air Ops personnel conducted five public education events during this quarter. **ACHIEVED:** 2nd Qtr - 5 YTD - 18. **GOAL 1.2 - Activity This Quarter:** Sergeant Egger attended seven meetings with County EMS. The HURC is no longer holding any meetings; and, therefore necessitates modification of the quarterly goal of seven meetings per quarter to six. **ACHIEVED:** 2nd Qtr - 7 YTD - 13. Sergeant Egger attended seven meetings with the affected EMS counties. **ACHIEVED:** 2nd Qtr - 7 YTD - 14. Air Ops aircraft responded to a total of 40 emergency incidents during this quarter. H-70 responded to five emergency incidents wherein medical assistance was provided. **GOAL 1.5 - Air Ops personnel conducted 1,981 security checks during this quarter. ACHIEVED:** 2nd Qtr - 1,981 YTD - 3,859.

710 (ISU DIVISION) - GOAL 1.5 - Activity This Quarter: ISU personnel recovered 33 stolen vehicles during this quarter and had 52 10851 related arrests. (Note: Estimated value of recovered property for the second quarter of 2009 is \$243,000). **ACHIEVED:** 2nd Qtr - 33 YTD -130. A total of 22 auto theft operations were conducted with allied agencies. **ACHIEVED:** 2nd Qtr - 22 YTD - 36. Utilizing the department's CHP 136E (Vehicle Theft Report), ISU has established a monthly reporting system for all Coastal Division Areas and ISU personnel. Coastal Division CHP submitted 178 stolen vehicles reports this quarter and recovered 218 vehicles. The LPR vehicle was not operational during a significant period of time during the second quarter of 2009, due to computer problems. Due to an on-going undercover operation, which necessitates maximum use of ISU personnel, there were no 10851 warrant sweeps conducted this quarter. ISU North conducted 1 warrant sweep operation and ISU Central conducted 3 probation searches and 2 warrant service operations during this reporting period. MADCAT personnel attended one farm bureau meeting this quarter. **ACHIEVED:** 2nd Qtr - 1 YTD - 2. Currently three officers from the Santa Cruz/Monterey Area are participating in the vehicle theft investigator internship program. VENCATT has two officers from Moorpark and Ventura participating in the internship program. With the exception of one allied agency (Santa Clara County Sheriff Departments) all SSP MOUs have been updated and are available through ISU. The MOU for the Santa Clara County Sheriff's Department is currently in the review process and should be completed in the near future. ISU maintains information on all state facilities within each Area's jurisdiction. This information was last updated in June of 2009, and is available within ISU. A list of all Area personnel assigned to SSP duties is available through ISU. All Coastal Division CEU personnel were trained on March 3, 2009. No additional training is provided this quarter. Each Area has identified an SSP liaison officer and all SSP officers have attended SSP training at Division. These officers are in the process of coordinating SSP training to state facility managers/personnel. Officer Kevin Coomer has been designated Coastal Division's TLO. He attended several terrorism classes during the first quarter of 2009 and has assisted Areas in identifying their critical infrastructures. Officer Coomer has developed a terrorism/safety services training curriculum and that training has been provided to all Coastal Division CHP personnel as of July 2, 2009.

711 (COMMERCIAL UNIT) - GOAL 1.1 - Commercial will support Areas in reduction of Commercial Vehicle PCF collisions by participating in MCSAP grant strike forces. **ACHIEVED:** 2nd Qtr - 0 YTD - 1. Enforce seatbelt violations and note on monthly 100 form. **ACHIEVED:** 2nd Qtr - 3 YTD - 6. Continue Mobile Road Enforcement (MRE) with a focus on commercial truck violations and passenger cars affecting commercial truck movements. **ACHIEVED:** 2nd Qtr - 3 YTD - 6. SAFE team will conduct Farm Labor Vehicle (FLV) strike forces throughout the Division. **ACHIEVED:** 2nd Qtr - 12 YTD - 24. **GOAL 1.2 - Provide commercial enforcement training to allied agencies as requested. ACHIEVED:** 2nd Qtr - 3 YTD 3. CIEP utilizes the ride-along system with Motor Carrier Specialists to become familiar with Motor Carrier operations. **ACHIEVED:** 2nd Qtr - 4 YTD - 7.

714 (MOTOR CARRIER UNIT) - GOAL 1.2 - Activity this Quarter: MCSU completed 359 Carrier Inspections and 526 B.I.T. Inspections during the second quarter for 2009. **ACHIEVED:** 2nd Qtr - 888 YTD - 1598. MCSU personnel participated in one CIEP seminar during this reporting period. Note: MCSU personnel assisted Ventura, Buellton, Santa Maria, King City, Templeton, and Monterey with commercial questions from the public and public complaints against commercial carriers, totaling 60 days this quarter - YTD 132. The MCSU assisted MAIT with the investigation of hours of service criteria for the Orion Pacific Bus crash in Soledad. 4 MCSU's worked with Commercial MRE's during Roadcheck 2009. The MCSU participated in the National Passenger Carrier Strikeforce during the month of May 2009.

**2009 Strategic Plan Field Command
Quarterly Report**

Comments on Goal(s) 1.1 thru 1.5:

720 - Motorcycle collisions: total = 15, Injury = 13, Fatal = 1. Santa Cruz Area's seatbelt survey shows a 97.5% compliance rate.

725 - GOAL 1.1 - The Area conducted three seatbelt surveys during the second quarter at the following locations: 04/29/2009, Santa Teresa Bl and Mesa Rd, 05/29/2009, S/B US-101 at Monterey St, 06/01/2009, SR-25 at S/B US-101. The result was a 96.6% compliance rate. The Area conducted eight scheduled multi-Area SEU details focusing on restraint and PCF violations. During these SEU's, 375 citations were issued. **GOAL 1.2** - The Area is working with the Gilroy PD under a CALGRIP plan. The Area commander met with the San Benito County Sheriff, Gilroy Chief of Police, Hollister Chief of Police, UNET task force, San Benito DA, San Benito Superior Court Judge Sanders, San Benito County Council of Government, Monterey County Sheriff, and attended the south Santa Clara County patrol commanders meeting. The Area is currently researching an all electronic reporting completion, review and retention system. It is expected the Area will begin a pilot program sometime in September. This program should assist in the tracking and review turnaround process with collision reports. On 04/09/2009, south Santa Clara County experienced a communication failure of all cellular and hard line phone due to a intentional cut in a fiber-optic line. This caused a complete disruption in the communication ability of the Monterey Communication Center. The Gilroy Inspection Facility, Hollister-Gilroy Area, Santa Cruz Area and the Monterey Area were cut off from normal communications. Scanners were set up to monitor local allied agencies and patrol units were used to notify tow companies of needs. All four CHP Areas adapted and overcame the obstacles associated with this challenge, and have proven their abilities to overcome a communication failure in the future. This was a real "emergency incident" that established everyone's resourcefulness and abilities to succeed. **GOAL 1.4** - The Area experienced one closure on SR-25 near Bolado Park, on 06/19/2009. The road was closed for a fatal collision investigation and awaiting the removal of a body by the San Benito County Coroner. **GOAL 1.5** - The Area has been in direct contact with all responsible state agencies and has discussed the issues created by the furlough program. The Area has received informal training on recent autotheft trends from the VIN officer during shift briefings. The second quarter stats for autotheft from allied agencies indicate a false spike, due to several agencies reporting partial information only during the first quarter.

730 - GOAL 1.2 - The Monterey Area was successful in providing 82% of the collisions investigated to the public within the eight-day time frame outlined in the 2009 - 2010 Strategic Plan. During this reporting period, the Area had seven academy graduates involved in their first and second phases of training. Consequently, the Area has experienced a decline of four percent of the collision being available to the public in the eight-day time frame. The Area is confident there will be a significant improvement for the next reporting period as the new officers will have the necessary skills to better serve the public in support of the Department's Mission of Safety, Service and Security. **Goal 1.4** - During this quarter, the following incidents required a closure of 90 minutes or longer. 4-04: SR-68 was closed for two hours and 19 minutes for a rollover collision. 4-07: SR 1 was closed for approximately 20 hours and 28 minutes within the Big Sur Resident Post Area of Monterey County. The roadway closure was caused by mud slides brought on by heavy rains. 4-14: SR 68 was closed for eight hours and 30 minutes due to a large tree and power lines falling across the roadway. 4-28: Southbound US-101 at Front Street in Soledad was closed for 24 hours due to a rollover tour bus which resulted in five deaths and multiple injuries. The extensive closure time was necessary for the scene investigation by Coastal Division MAIT, recovery of the tour bus, and roadway repairs by Caltrans. The Monterey Area's Management Staff understands the importance of safely expediting the flow of traffic along California Roadways in support of the Department's Mission of improving Safety, Service and Security to the citizens of California. On-going training and supervisory response to major incidents are just two measures implemented by the Area to minimize roadway closure times. **Goal 1.5** - The Monterey Area Command continues to initiate innovative measures to reduce Auto Theft in Monterey County. *Not all agencies were available for reporting.

735 - GOAL 1.1 - Area experienced 3 fatal collisions in the 2nd quarter. One fatal collision was a solo M/C collision. The rider was wearing a helmet at the time of the collision. **GOAL 1.4** - Area experienced no incident-driven highway closures in the 2nd quarter. **GOAL 1.5** - Area made 15 stolen vehicle recoveries in the 2nd quarter. 2 of the recoveries were "rolling" recoveries. Allied agency thefts - GPD/KCPD reporting. KCPD stats did not include June. The Area recovered eight stolen vehicles in the first quarter, two of which were occupied.

740 - GOAL 1.2 - Officer are continually advised about the importance of getting their collision reports done on time. A list is published once a week to assure reports are completed within the 8 day time period. **GOAL 1.5** - Auto theft remains low in the north county portion of SLO county. Officers are briefed on the current hot sheet and the importance check VIN numbers on vehicle they encounter that may be suspicious.

**2009 Strategic Plan Field Command
Quarterly Report**

Comments on Goal(s) 1.1 thru 1.5:

745 - Area experienced a dramatic increase in enforcement activity as a result of transitioning to the 3/12 alternate work week. This translated into safer roadways with reduced collisions.

750 - GOAL 1.4 - 3/6/2009: SR-166 closed for 24 hours due to a 7 vehicle, fiery, multiple fatal collision (4 passenger vehicles and 3 tractor trailer combinations). Coastal Division MAIT was called out for this collision. **GOAL 1.5** - Santa Maria Police Department reported taking 102 vehicle theft reports during the first quarter. Guadalupe Police Department's report is pending. Santa Maria reported 64 during the 2nd quarter; Guadalupe updated their 1st quarter number with 1 theft report taken, and zero during the 2nd quarter.

755 - GOAL 1.1 - Quarterly seat belt compliance survey conducted on 7-15-2009: N/B US 101 @ SR-154 = 100% compliance. SR-246 W/O Buellton = 100% compliance. **GOAL 1.2** - Fatality with MAIT involvement occurred 5-01-2009, completed 6-04-2009. **GOAL 1.5** - 4 CHP stolen vehicle reports taken, 3 stolen vehicles recovered.

760 - Area conducted 6 child safety seat presentations and installation service events during the quarter. Area conducted 5 Start Smart presentations during the quarter, including one completely in Spanish. Area conducted this year's "Every 15 Minutes" presentation at Carpinteria High School. Area representatives also conducted a "wet lab" presentation at UC Santa Barbara to promote DUI awareness and responsibility to college students. Area and other emergency response agencies received public recognition in Santa Barbara for their efforts during the Jesusita Fire. Area has completed interviews for candidates interested in starting Area's first Senior Volunteer Program, which will begin in July. Area participated in the local Special Olympics "Tip a Cop" and Torch Run events, and hosted a Torch Run press conference for Special Olympics athletes and allied agency Torch Run participants. Area participated in the annual "CHP Traffic Safety Day" at the national semi-pro baseball champion Santa Barbara Foresters' game. Area also participated in a Career Day at Santa Barbara City College.

765 - GOAL 1.5 - Goal 1.5 statistics came from the Dept of Justice. Fatal Collisions during the second quarter:
04/30/09 Motorcyclist struck a stalled vehicle from a spin out incident S/B US 101 at Vineyard.
05/27/09 Motorcyclist lost control and veered into on-coming traffic SR 1 north of Mugu Rock.
06/05/09 Motorcyclist lost control and left the roadway during light rain SR 150 near Gobernador Cyn.
06/06/09 Driver fell asleep drifted off the roadway and struck a drainage culvert E/B SR 126 at Atmore Rd.
06/13/09 Driver made an unsafe turning movement and struck a eucalyptus tree Central Ave south of Rose Ave.
06/06/09 Driver at unsafe speed for conditions lost control while negotiating an off ramp S/B SR 1 at Pleasant Valley.
06/17/09 Driver fell asleep and vehicle overturned ejecting two unrestrained passengers N/B SR 1 at Hueneme Road.

771 - Despite mandatory furloughs of CVIS personnel the Area has increased the total inspections over both 2008 figures and 3 the year average by 10%.

Quarterly Report**

Division:	Coastal	Area:	Division
Goal 3.3 - Customer Service			
<i>Performance Measure: Commanders will develop professional relationships and partnerships with community leaders and organizations to reflect the population the command serves in order to promote traffic safety education and departmental services available to the public. To assist with developing relationships, commanders shall attend meetings of local county board of supervisors and meet with board members on a quarterly basis. Additionally, attending scheduled city council/county board of supervisors and school board meetings in concert with their police and sheriff's departments will help the Department show support an answer questions about CHP roles and responsibilities.</i>

Comments on Quarterly Meetings:			
<p>720 - Supervisor Coonerty - operations. Supervisor Campos - Budget. Supervisor Campos - Operations. Supervisor Pirie - Traffic Control.</p> <p>725 - On 04/27/2009, the Area hosted a luncheon with the following attendees: Commissioner Farrow, Chief Cuevas, CHP commanders from the Hayward, San Jose, Academy, Monterey, Gilroy Inspection Facility and Los Banos Areas, San Benito County Sheriff, San Benito DA, Hollister PD Chief, Gilroy PD Chief, DFG Captain Huckins, local 11-99 members, Representatives from the Santa Clara DA's office, members of the Santa Clara SO and local retired CHP and law enforcement members. During the lunch, 11-99 members made a presentation to Commissioner Farrow. The lunch was an excellent opportunity for a variety of partnership members to interact.</p> <p>730 - The Monterey Area Commander and Management Staff have made an assertive effort to meet with County Supervisors and other Elected Officials to establish an open-line of communication to better serve the motoring public within CHP jurisdiction. The following meetings were attended by Monterey Area CHP Administrative Command in response to the Area's dedication to improving services to the motoring public - 4-02: Lt. Jennings met with Congressman Farr to discuss funding opportunities for Federal Grant programs proposed for Monterey County. 5-01: Lt. Jennings attended a Victims of Violent Crimes Ceremony with Supervisor Calcagno and Supervisor Parker. 5-22: Lt. Dickson met with Congressman Farr and Supervisor Potter for a Big Sur Multi-Agency Meeting. 5-29: Lt. Dickson attended a press conference held by Governor Schwarzenegger to support CalGrip Operations in the City of Salinas. 6-18: Captain Perlstein met with Supervisor Calcagno at a SR-156 Community Safety Meeting. 6-19: Lt. Jennings met with Supervisor Potter at a Camel Valley Road Traffic Safety Committee Meeting 6-19: Captain Perlstein met with Supervisor Calcagno to discuss traffic congestion on US 101 and SR-156. 6-24: Captain Perlstein attended a Monterey County Planning Commission Meeting to discuss traffic safety and zoning issues related to the Red Barn on US-101.</p>			

2009 Strategic Plan Field Command Quarterly Report

Comments on Quarterly Meetings:

735 - 4/13 - Community service award presentation at Salinas Valley Prison; 5/8 - Salinas Valley Fair; 5/22 - KCHS Sober Grad BBQ; 5/28 - 6/12 - King City Prevention Coalition Meetings; 5/29 - Chris Lopez, District 3 Supervisor Simone Salinas; 6/12 - State manager's meeting, Senator Abel Maldonado

740 - Met with Supervisor Frank Meecham and discussed issues relating to the Shandon area.

745 - The commander regularly attends the local Board of Supervisor's Meeting and also interacts with the Board members at other community meetings. Area personnel attended meetings at the Oceano Community Services District; Cayucos Community Advisory Committee; Nipomo Traffic Advisory Committee; and the Avila Beach Advisory Committee. The Commander has also met with the San Luis Obispo County Sheriff on four separate occasions to discuss items of mutual concern. The Commander is a member of the San Luis Obispo Law Enforcement Assistance Foundation, which is comprised of current and former Board of Supervisors. The Public Information Officer has given presentations to the following community groups: AARP of Oceano; Cuesta College Child Center; Caltrans Safety Committee; Caltrans Memorial; 4-Start Smart Classes; Special Olympics of SLO County; YMCA of San Luis Obispo; Morro Bay High School - Every 15 Minutes; Shandon/Templeton High School - Every 15 Minutes; Farmers Market Law Enforcement Night; and Los Osos Elementry School.

750 - 4/21: Attended Board meeting. Supervisor Centeno presented Lt. Olson with Proclamation supporting upcoming dedication of Highway 101 in Santa Maria as Loren D. Scruggs Memorial Highway. 4/23: Supervisor Centeno attended and spoke at highway dedication ceremony listed above. 6/8: Attended Board's budget hearing in support of retention of District Attorney and Sheriff's Dept budgets. Discussed SR-166 with Supervisor Centeno. 6/16: Attended Board of Supervisors meeting and met privately with Supervisors Gray and Centeno. No problems or concerns expressed. Lt. Olson was invited as a guest in August on weekly radio show hosted by Supervisor Gray.

755 - Lt. Maples met with 4th District Supervisor Doreen Farr on 4-28-2009 to discuss traffic/parking issues in and around the Santa Ynez Valley. Lt. Maples met with 4th District Supervisor Doreen Farr on 6-17-2009 to propose a DUI Safety Corridor as a result of the meeting on 04-28-2009. Lt. Maples spoke at the Every 15 Minutes ceremony at Cabrillo High School on 04-01-2009. Lt. Maples spoke at the Every 15 Minutes ceremony at Santa Ynez Valley High School on 05-20-2009. Lt. Maples met with Buellton City Council Member Dave King on 04-02-2009. Lt. Maples met with Santa Barbara County Vintners' Assoc. President Jim Fiolek on 05-14-2009. Lt. Maples met with Los Olivos Business Assoc. on 06-19-2009. Lt. Maples met with SBSD Sheriff Bill Brown on 4-29-2009, 5-27-2009, and 6-24-2009 to discuss CLEC issues. Lt. Maples met with LPD Chief Tim Dabney on 4-29-2009 and 5-21-2009 to discuss CLEC and CALGRIP issues. Lt. Maples met with Col. A. Spangler on VAFB to discuss recruitment on VAFB.

760 - During the seven days of the Jesusita Fire, Captain Sgobba met daily with the County Supervisors from the First, Second and Third Districts as well as with Assemblymember Pedro Nava regarding the status and traffic safety impacts of road closures - specifically those on SR-154 and SR-192. Captain Sgobba provided a presentation to the County Supervisors and representatives from the offices of Assemblymember Nava and U.S. Congresswoman Lois Capps regarding our recipients of the H. Thomas Guerry Award for Valor. Captain Sgobba also attended a County budget hearing and discussed the possible impacts of proposed reductions to the District Attorney's budget on CHP operations. Captain Sgobba and Third District Supervisor Farr discussed traffic safety improvements on SR-154 during a press conference regarding the completion of a major roadway improvement project. Captain Sgobba and Lieutenant Greenfield also met with District One Supervisor Salud Carbajal and his Executive Staff Assistant Jeremy Tittle regarding the efforts of our enhanced presence at the construction zone detour on SR-192.

765 - In addition to the above: Area PIO spoke to approximately 750 military personnel at the Port Hueneme Seabee base regarding DUI and Designaton Driver programs on May 15, 2009. Area PIO spoke to approximately 500 military personel at the Port Hueneme Seabee base regarding DUI and basic traffic safety for the Memorial Day weekend on May 22 and 23, 2009. Met with Ventura County Board of Supervisors on June 23, 2009.

770 - Commander attending meeting on 3-24-09 with County Supervisors; 5-13-09 Meeting with Supervisor Foy at Somis Town Hall meeting; 5-27-09 Meeting with Supervisor Parks at Newbury Park Town Hall meeting; 6-13-09 Attended Ventura County Board of Supervisors Meeting.
